(37 C.F.R. § 1.48(a))**

NOTE: "If the inventive entity is set forth in error in an executed § 1.63 oath or declaration in a nonprovisional application, and such error arose without any deceptive intention of the part of the person named as an inventor in error or on the part of the person who through error was not named as an inventor, the inventorship of the nonprovisional application may be amended to name only the actual inventor or inventors." 37 C.F.R. § 1.48(a)

NOTE: 37 C.F.R. § 1.48(f)(1): "Nonprovisional application-filing executed oath/declaration corrects inventorship. If the correct inventor or inventors are not named on filing a nonprovisional application under § 1.53(b) without an executed oath or declaration under § 1.63 by any of the inventors, the first submission of an executed oath or declaration under § 1.63 by any of the inventors during the pendency of the application will act to correct the earlier identification of inventorship. See §§ 1.41(a)(4) and 1.497(d) for submission of an executed oath or declaration to enter the national stage under 35 U.S.C. 371 and § 1.494 or § 1.495 naming an inventive entity different from the inventive entity set forth in the international stage."

**STATEMENT OF ERROR WITHOUT DECEPTIVE INTENTION  
ON THE PART OF THE INVENTOR BEING ADDED 37 C.F.R. §1.48(a)(2)**

I, Rodney Stuart Cobb, declare and state as follows:

I currently reside at 5 Ash Road, Shirley, Croydon CR0 8HW, United Kingdom.

I am being added as an inventor to U.S. Patent Application No. 10/026,215 entitled Nut and Seat Assembly for Clamp and do hereby declare that the error in inventorship occurred without deceptive intention on my part. Accordingly, the relevant facts are as follows:

As of early 1999 I was a representative of Bio Pure Technology Limited, having a place of business at 17 South Street, Havant, Hampshire PO9 1BU, United Kingdom, acting as a consultant involved in the development and testing of plastic clamps.

Application Serial No.: 10/026,215  
Attorney Docket No. 508-065.004

In early 1999, Bio Pure Technology Limited approached Jarzon Plastic Limited to aid in the development of plastic clamps. Specifically, Jarzon Plastic Limited was contacted because of their experience in plastics injection molding.

On March 15, 1999 the subject matter described and claimed in US patent application no. 10/026,215 was discussed at a meeting between representatives of Bio Pure Technology Limited, including myself, and representatives of Jarzon Limited, including Derek Greenway and Anthony Elliott. I conceived the basic principle set forth in this US patent application as discussed at this meeting.

After the March 15, 1999 meeting Jarzon Plastic Limited provided Bio Pure Technology Limited with a price quotation for tooling and production of the requested plastic clamps, as well as drawings of the clamps.

In November 1999, communications between Bio Pure Technology Limited and Jarzon Plastic Limited ceased, and Jarzon Plastic Limited subsequently filed Great Britain patent application 99272266.2 on November 17, 1999, and eventually filed U.S. Patent Application Serial No. 10/026,215 on December 19, 2001, to which I was not named.

The error by Jarzon Plastic Limited in failing to name me as an inventor on U.S. Patent Application Serial No. 10/026,215 occurred without any deceptive intent on my part.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the

Application Serial No.: 10/026,215

like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
